Monument Type: 5/8" dia driven aluminum rod with a 2-1/2" dia aluminum cap and permanent magnet encased in a 5" dia PVC pipe with an aluminum access cover.

The diagram illustrates the location of a monument (represented by a black triangle) relative to a road and a point of interest (PoPo). The road is labeled "Ludlow Rd (gravel)" and is shown as a dashed line. A "Field Access" is indicated by a vertical dashed line crossing the road. The monument is located 10.5' from the road centerline (CL) and 31' from the road edge. A "PoPo" is located 15.5' from the monument. The monument is also 10.5' from the "Field Access" centerline (CL).
